

Animal Care Standards

*Doing What's Right
for our **Animals**, for our **Environment**
and for our **Consumers***

Ohio livestock producers recognize and affirm our obligation to build and maintain the trust of consumers and our stakeholders in the food we produce and how we produce it.

To ensure confidence in Ohio-grown food and livestock production practices, we support the following principles:

- A commitment to produce safe, affordable food.
- A commitment to protect and promote animal well being.
- A commitment to protect the environment and our state's natural resources.
- A commitment to follow science-based best management practices and quality assurance programs established by our state and national livestock organizations.
- A commitment to ensure that our production practices protect public health.
- A commitment to provide a safe work environment for our employees.
- A commitment to contribute to a better quality of life in our communities.
